

Rock Mountain Bible Camp

Summer Staff Stipend Overview

It is the desire of Rock Mountain Bible Camp that all fulltime and seasonal staff work at camp because God has led them to desire to participate in the mission of providing opportunities for youth, families, and church groups to experience Truth, Community, and Change through Jesus. We want our staff to see service at camp as if it is a mission trip... not only a "job." The great thing about serving at camp is that staff members don't have to raise support, they actually receive support! One of the ways summer staff receive support is a weekly stipend.

Why does Rock Mountain pay their staff a stipend? Why do they differ?

All staff will receive a stipend for their personal expenses while at camp. We understand that even with a stipend, it is a financial sacrifice to serve at camp. Stipends differ according to age due to typical differences in personal expenses. Stipends also differ for certain positions/roles due to higher levels of responsibility and leadership.
